PROMINENT BANKERS OF OAKLAND BACK OF THE NEW HOTEL

CHIEF BEATTY CHOSEN TO ACT AS ARBITRATOR

Will Serve in Conjunction With Father Yorke and Francis J. Henley.

SAN FRANCISCO Sept 24—Chief Justice Beatty of the Supreme Court will be the third arbitrator in settling the dispute between the United Railroads and their employes. Though very reluctant to take the position on account of the pressing nature of other business Justice Beatty this morning signified his intention of accepting as he considered it his public duty to serve on the board

Francis J Heney received a telephone message near noon today from the Justice to the effect that he had decided to serve though it was most inconvenient for him to do so He stated further that he would be busy in the daytime until the 28th of the month though he was perfectly willing to sit as an arbitrator at night

After that date he will be at liberty to attend to his duties on the board either by day or night

Beginning tomorrow night it is probable that evidence will be taken as rapidly as possible so that there may be no delay in reaching a decision

Heney suggests that public meetings be held by the board of arbitration

PRESENT FOR WIFE COST HIM $225,000

NEW YORK Sept. 24—Customs officers say that the importation at New York of pearls of the larger and more costly grades has greatly increased of late Even with the increase in the importation of pearls the dealers say the gems of superior size and lustre are scarce, so greatly has the demand increased and the prices are higher than ever before

It is learned from jewelers that since the Citreen necklace was bought in Paris some weeks ago for a price approximating $225,000 by William B. Leeds as a present for his wife there has been considerable emulation of his example on the part of other men who are trying to make equally beautiful presents to their wives The more prominent jewelers are all making specialties of pearl collections and in several sales rooms are necklaces valued at from $150,000 to $250 000

SISTER DECLARES BROTHER IS GUILTY OF BOLD FRAUD

Brings Sensational Action to Have This Will Set Aside.

Lugene E Lutz has instituted an opposition to the probate of the will of her sister Dora L. H Rumford, deceased on the grounds that the dead woman s mind at the time the alleged will was made August 7 and for a long time prior to her death was weak debilitated and deranged to such an extent as to incapacitate her from making or undertaking to make a will

In her opposition the contestant claims that the document was procured through the undue influence of C P Hornbrook her brother the petitioner named in the petition for probate of the will filed in the Superior Court August 14

Mrs Lutz alleges that her sister lived at the time of the execution of the testament and continued to live until her death August 12 at her house with Hornbrook and for a long time had been subject to the wishes and much in fear of and dominated by him and was and had been sick and suffering and enfeebled in mind and body During the illness of the deceased Mrs Lutz alleges that Hornbrook would not permit her to see or converse with any one except himself or persons selected by him That taking advantage of this condition Hornbrook urged and importuned the dying woman to subscribe her name to the will and that she acting under fear complied with his directions

Hornbrook s petition shows that deceased left personal property in cash amounting to $250 one-half interest in the estate of Isaac B Rumford deceased which estate is now in course of administration said interest consisting of real property in Alameda county of the probable value of $1100 and money in bank, $732 and real property in Wheeling, West Virginia, of the probable value of $36 000 It is said that the value of deceased s estate is nearer $80 000 than the amount set forth in the petition The heirs mentioned in the will are her brother Charles P Hornbrook, 50 years of age residing in this city and Lugene E Lutz sister, aged 37 living at Wheeling West Virginia.

THERE WAS RAIN AND IT CAME AS A SURPRISE TO MANY

MAIDENS WERE ANNOYED BY WET WEATHER

RAIN RAIN, GO AWAY AND COME ANOTHER SUNDAY

There Were Some Who Zipped the Zippings, for They Interfered With the Social Doings and Diddings.

Rain fell for the first time this season early yesterday morning It came as a surprise but was nevertheless welcome There had been threats of a downpour several times during the season but in each instance the indications were misleading Yesterday however when least expected the gentle showers came They were welcome in the country districts as also in Oakland In the rural sections they freshened vegetation and in the municipalities they laid the dust which for some time has been more or less annoying For a time it looked as if it was to be what is technically known as a wet Sunday but before noon the clouds cleared away the rain ceased the sun shone again and the afternoon's enjoyment was all the more in ten e because of the freshened and invigorating atmosphere which the precipitation had occasioned

The rain guage showed that only a quarter of an inch on an average of rain visited this section. At this time last year no rain had fallen and it was hoped that excessive storms of this kind would be deferred as long as possible consistent with the welfare of the crops in the country because an early winter season here would have a more or less disastrous effect upon the building which is now in progress in all parts of Oakland and the adjoining suburbs

SMITH MAY LOSE CASE

Suit is Soon to be Filed Against Army Man in the Civil Court

SAN FRANCISCO Sept 24—An effort is to be made in the Superior Court to wrest the title from Colonel David A Smith commander of the Fifth Regiment National Guard Jealousy of officers under Colonel Smith is ascribed as the cause of a suit that will be filed in the County Clerk's office today praying that he be relieved of his command on the ground that he did not rise from the position of a line officer as is required by military law

Colonel Smith was elected to the command of the Fifth a few weeks ago and the news that his right to the position is questioned will come as a great surprise to his many friends and the men in the ranks He has been identified with the National Guard for the past twenty years and is one of the most conservative officers in the militia service

SMITH DISBURSES FUNDS

That the plan of campaign against Colonel Smith has been carefully worked out is certain and the papers are ready to be filed this morning by Attorney Weil

The complaint sets forth that Smith was elected to the position of Colonel of the Fifth Regiment without having first served in the capacity of a line officer and this is alleged to be in violation of a rule of the National Guard

Smith rose from the ranks in the National Guard He showed great aptitude and was quickly advanced serving as adjutant major and lieutenant colonel Unfortunately for him he never held the position of captain or lieutenant of a company but jumped from the ranks to the position of field officer

Regarding officers of the National Guard the Political Code section 1953 reads A field officer at the time of his election shall have served as a company officer at least two years in the National Guard of California or in the United States military service or both

This section was incorporated in the code by the Legislature four years ago At the last session the wording was changed to read company instead of line officer thus making Smith ineligible for his present position

During the fire Smith was in command of a detachment stationed at Jefferson Square He did excellent work there devoting his entire time to looking after the unfortunate and enforcing law and order throughout the district His work was highly praised by the civil and military authorities and by them it is conceded that he conducted one of the most orderly camps in the city after the disaster

When the time came for paying off the troops Smith was chosen by the adjutant general to handle the State funds and he has disposed of about $100 00 while serving in that capacity It is said that the question as to whether he had a right to disburse these funds will be raised when the case comes up for trial

JEALOUSY GIVEN AS CAUSE

The names of those who are said to be back of the move to relieve Smith of his command are not disclosed, but it is said that they are men well up in the ranks of the Fifth Regiment. Smith is known to have enemies among his fellow officers and his friends say that a certain clique has been looking for an opportunity to bring about his downfall

Smith has been prominently identified with the militia service since the days of the late Colonel Mervyn Donohoe who was one of his most intimate friends He has ever been known as a competent officer and one of the most skilled tacticians in California.

PROPOSE BIG FAIR FOR SAN FRANCISCO

(Continued from Page One)

would be a great benefit to us Prior to the fire I was anxious that the buildings should be constructed on the Panhandle the civic center and in other portions of the city where the city will eventually own property the idea being to make these buildings permanent thus saving to the city a great investment, which is generally lost

SOURCE OF INTEREST

Exhibits typical of countries such as the Orient strung along the Panhandle and to become permanent exhibits by these countries would be a source of never ceasing interest to the traveler visiting San Francisco It would enable him to see what no city in the United States enables him to the exhibits of Japan China Russia and other Oriental and foreign countries with which we are constantly doing and with which in the future our business relations should become more extended and will be dependent considerably upon the education and knowledge concerning them and their products which we can give in a word getting acquainted with the situation and the people and their products

'I am not a believer in the expenditure of millions of dollars on buildings which are subsequently torn down By one stroke we could populate our city with buildings of interest, with museums of constantly increasing value, and the cost over flimsy structures would not be very great, for the reason that our climate will permit of many sorts of buildings which the changing temperature of the Eastern cities would not permit I saw every reason why we should have a fair before the fire If memory serves me correctly there is on file in Washington now an application or something of that sort placed there by Mr Hale for the purpose of forestalling any other city in making application to cover the same purpose at about the same time

IS A NECESSITY

"There is no doubt that what was immensely desired before the fire is now almost a necessity if we are to spring back with any degree of rapidity to our commercial importance Nothing you can say to the world outside will quite as well tell you about rehabilitation as if they come and see It will be wholly different from reading The fact that we are going to have a fair would start an activity bounding right through the city It would work right up to it It would be a benefit to us. Exclusive of the increased activity and progressive effort among us, it would in final resources, equal any exertion benefit we could devise I believe it is a great opportunity

FAITH IN THE CITY

I believe that San Francisco is adapted to profit by a world's fair in a way that no other city or country has ever been. It is on the threshold of its real development It is making the first real step in a career that promises to be world wide in its importance and its conduct for through San Francisco the great teeming millions of the Orient must surge and history has proven that these influences, which we see in the immediate foreground in the way of trade and commercial relationship are but a small measure of those things which will finally come It is probably true that the most extensive incentive and source of San Francisco's growth as far as foreign relations are concerned, is not yet in sight It is the principle upon which one thing produces another It is seed planting never conceived by the careless hand which strews an occasional seed

It is impossible of course in a short letter to cover the ground and yet I think it should be made clear that our fair is to be totally different from any that has gone before it will resemble them only in that we use the same name—A Fair of Solid Things permanent benefits lasting exhibits and all that goes with this view

JEALOUSY ENDS IN A DIVORCE

John J Marcovich and His Wife Are Separated by the Court

Insane jealousy and constant bickering on the part of his wife is understood to be the cause of John J Marcovich proprietor of the Gas Kitchen leaving her on March 25 1904 and thus furnishing the woman with grounds for a divorce Judge Ogden in the Superior Court this morning granted Mrs Marcovich her final decree the interlocutory decision having been handed down July 6 1905

The Marcovitches were married at Napa July 31 1895 They resided at 673 Twenty fourth street and it was there that the trouble started Through her attorney A L Frick she commenced action for legal separation June 29 1905 and petitioned the court for permission to resume her maiden name Agnes Toomey She stated that she was 30 years of age and that she believed her husband deserted her for another woman

George W Reed counsel for the defendant stated that Marcovich after leaving his wife went to live at the Elks Club and after a residence of several months moved to Brush street between Thirteenth and Fourteenth

Frick sent a message through Reed to the husband asking him to return to his wife but he declined to do so because he claimed they could not get along together Mrs I A Schroeder 191 Broadway Alameda testified in the wife's behalf and the decree was accordingly granted Marcovich settled about $6000 on his wife when the suit was terminated

MOTHER FAILS TO SAVE SON

Young Diamond Thief Is Sentenced to Term at Preston School

Although his mother traveled across the continent to save her son from prison her efforts proved futile because Judge Harris in the Superior Court this morning sentenced Albert Johnson the young diamond thief to three years imprisonment at the Preston School of Industry at Ione on a charge of grand larceny Johnson had pleaded guilty and fought to be placed on probation but the evidence given by his sorrowing parent denied him his liberty

Mrs Johnson admitted that Albert has been in trouble in New York for petit larceny and had been placed on probation which privilege he violated In extenuation for his acts the mother stated that the youth had been struck with a stone behind the ear when a boy and that she believed the injury had impaired his reason

MEDIATORS ONCE MORE FAIL TO MEET

HAVANA Sept 24—The first meeting of the American mediators with the insurgents and Liberal committee called for this morning was again postponed on account of the illness of Polayo Garcia one of the conspiracy prisoners who had been added to the committee The meeting probably will be held this afternoon Much depends upon the attitude of the committee at the first conference

Heavy rains are prevailing and the insurgents are inclined to seek the benefit of the armistice during the continuance of the peace negotiations

ASKS FOR LETTERS ON SISTER'S ESTATE

PROPHET DOWIE LEAVES ZION

Declares He Will Return to Triumph Over His Enemies

CHICAGO Sept 24—John Alexander Dowie today bade farewell to about two hundred Zionists the remnant of his numerous adherents He will on October 1 start for Mexico where he hopes to regain his health but there are very few even of his most ardent followers who believe that he will ever reach there alive

A mere shadow of the once fiery Prophet Dowie was today carried into the spacious parlors of Shiloh House by his two giant negro attendants and in weak trembling tones said to his assembled friends

I am going away but I will return again to triumph over my enemies I am a sick man but the sickness is not of the body I am suffering from a broken heart My wife and son have left me and you are the only ones who remain faithful Zion will become the greatest religious center in the world

Then with quivering voice he closed his short address by starting his favorite hymn God Be With You Till We Mee Again

The closing scene in the active life of this one time acknowledged leader of a peculiar sect was pathetic in the extreme Women buried their faces in their hands and sobbed aloud while tears rolled down the cheeks of a majority of the bronzed men Dowie was carried to the head of the stairs where he pronounced the apostolic blessing and this ended his career in Zion City

ATLANTA NOW QUIETING DOWN

Exact Number Killed in Riot May Not Be Known for Some Time

ATLANTA Ga Sept 24—At 8 30 o'clock the city quiet The seventeen companies of State militia are in complete control of the situation All saloons are closed for the day under the order of the mayor Business has assumed normal conditions three street car service has been resumed the schools are open as usual and public confidence is being restored under the energetic measures taken by the authorities city county and State to maintain order No further trouble is anticipated Ten bodies of those killed in connection with the riots of Saturday night have been prepared for burial It is reported on seemingly good authority that several bodies have been taken away for burial and it is equally probable that some deaths have not been reported to the police or other authorities The exact number dead may not be known for several days

Various startling rumors of trouble have been brought to the newspaper offices but nine tenths of these have been proved absolutely without foundation and in other cases marvelous exaggeration was shown

The State infantry will be kept on duty for some time The entire city is being patrolled The passing of last night without serious trouble is considered a hopeful sign

The local situation at noon seems more favorable than at any time since Saturday The authorities have dismissed and sent home all outside militia companies except those belonging to the Fifth regiment

This leaves one full regiment in charge excepting that guards have been posted at the hardware stores to protect them from possible raids for firearms and ammunition The sale of firearms and ammunition has been ordered stopped All the saloons have been closed until further orders

HE SAYS PRETTY WOMAN WAS NOT HIS WIFE, BUT SHE DENIES ALLEGATION

STARTLING ALLEGATIONS IN THE GURNEE CASE

MRS LILLIAN KELLER GURNEE, whom millionaire says is not his wife

Wife's Complaint Filed and a Restraining Order Has Been Placed on Record to Prevent Husband From Disposing of His Property.

OUR SIDE WILL CONTEND THAT THERE HAS BEEN NO LEGAL MARRIAGE AT ALL I WILL HAVE NOTHING FURTHER TO SAY IN THE CASE —STATEMENT MADE BY ATTORNEY GEORGE W HAIGHT, COUNSEL FOR GEORGE HINNAMAN GURNEE IN HIS DIVORCE ACTION AGAINST HIS BEAUTIFUL YOUNG WIFE, LILLIAN IRVIN KELLER GURNEE

Everything now points to a bitter fight to the end between the wealthy young New Yorker George H Gurnee and his fair bride of less than a month

Attorney Asa V Mendenhall representing the defendant returned from Martinez yesterday afternoon having filed the wife's cross complaint and having obtained a restraining order forbidding the plaintiff to dispose of his vast holdings or draw money from the Crocker Woolworth National bank San Francisco or the Central bank Oakland where it is understood he is a depositor

Gurnee has been cited to appear in the Superior court of Contra Costa county next Monday and show cause why he should not pay his wife $500 per month pending the prosecution of the action and $1000 counsel fees

These are the latest developments in the sensational suit which has already interested society from the Atlantic to the Pacific coasts

Attorney Haight refuses to discuss the merits of the case from his client's standpoint taking refuge in the statement that the matter will be threshed out in court He did however declare that the plaintiff would put in the defense that there was no marriage Regarding Mr Gurnee's whereabouts the lawyer said he was in the dark as Mr Gurnee only communicates with him by telephone

There were rumors of a compromise during the early days of the proceedings but this disposition seems to have fallen through because both attorneys unite in saying that the suit has resolved itself into a contest to the bitter end

Alone and among strangers the youthful bride bemoans the sad fate that must keep her on this coast for at least several weeks In an interview which she granted a TRIBUNE representative last evening the regal beauty made it plain that she dreaded further notoriety and expressed the sole wish that the divorce would come to a speedy termination so that she could leave Oakland forever and join her mother in New York city It has been a source of surprise to her that her husband has remained in the background although she takes his retirement as an admission that her grounds are based on fact

Mrs Gurnee is the step daughter of Horace Kleinhaus who was found dead in a bath tub in the Lenox hotel, Buffalo about a year and a half ago He was one of the most prominent clothing merchants in America, and his brother is now in the Bison City carrying on his business

Gurnee it appears is a Yale graduate and was a classmate of a number of the most noted men of Old Eli

ROOSEVELT GIVES $100

Assists Suit to Determine Whether Uniforms May Be Worn at Entertainments.

OYSTER BAY Sept. 24—President Roosevelt has contributed $100 to be used by Rear Admiral Thomas in a legal suit instituted recently at Newport, R. I to determine whether or not a man may be excluded from a public house of entertainment because he wears the uniform of the nited States army or navy

President Roosevelt today made public the following letter which he has sent to Rear Admiral Thomas

OYSTER BAY Sept. 24—Dear Admiral Thomas I inclose $100 to be used in that suit which thanks to you, has been so wisely undertaken to test the legality of excluding any man from any public place of entertainment because he wears the United States uniform I feel that it is the duty of every good citizen to endeavor in every shape and way to make it plain that he regards the uniform of the United States army and navy just as much when worn by an enlisted man as when worn by an officer as a badge of honor and therefore entitling the wearer so long as he behaves decently There is no finer body of men in all our country than the enlisted men of the army and navy of the United States and I cannot sufficiently express my indignation and contempt for any man who treats his uniform save with the respect to which it is entitled If a man misbehaves himself then no matter what uniform he wears he should be dealt with accordingly but the fact of wearing the United States uniform should be accepted as presumptive evidence that the man who wears it is right any discrimination against the uniform is much more than presumptive evidence that the man discriminating is all wrong Sincerely yours

THEODORE ROOSEVELT

Rear Admiral Thomas is reported to be paying half the expenses of a suit for $500 damages brought by Chief Yeoman F J Bunzle against the Newport Amusement Company of Newport on the ground that he was excluded from the place while in uniform Bunzle is on duty at the naval training station at Newport. The suit will not be tried until October 1 or later

EARTHQUAKE AGAIN BLAMED

Time Extended for the Filing of Teachers' Certificates Who Were Entitled to Them.

BERKELEY Sept 24—The State Board of Education has extended the time for the filing of teachers certificates by those who were entitled under the regulations of last year from August 1 to December 1 This action which enables those who were recommended for high school certificates at Stanford and California last year and who failed to file their recommendations before August 1 to secure their certificates without further university work which would be required of them under the new regulations which were taken by the Board Friday and Saturday

Professor Dresslar said this morning This action was taken because the earthquake threw everything awry in both universities preventing some students at Stanford from finishing their work and preventing all from graduating until September while at the University of California the term was suddenly broken preventing committees from properly notifying their students and advising them with reference to their certification Now that the time limit has been extended, all graduates from the University of California and Stanford university who are duly recommended and wish to secure high school certificates should make sure to do so before December This should be done by all who wish to teach this year and also by those who wish to teach in the future

MYSTERY IS NOT CLEARED

Police Are Working Hard to Try and Find the Murderer

NEW YORK, Sept 24—Up to an early hour today the police had made practically no progress in unravelling the mystery surrounding the finding of portions of the body of a murdered man in a pit at West Thirty sixth street and Eleventh avenue The trunk of the man was mutilated as was that of Guldensuppe the victim of the notorious murder of nine years ago the forearms and lower parts of the legs were recovered but diligent search of the neighborhood failed to reveal the head or the thighs The place where portions of the body were found is near the river and the police believe that the head was thrown overboard. The only clue which furnished any results yesterday was the gunnysack upon which was printed the name "K Mano It was found that Mano who died several weeks ago had been an importer of nuts at No 47 Washington street in the heart of the Syrian and Armenian colony He left a widow who a few days ago sold out his entire stock preparatory to giving up the business It was learned last night that Mano had a brother Jack, who had trouble with his Syrian neighbors because of some business deal in the settlement of the estate It was said that Jack had gone into hiding a few days ago because of threats made against his life Some of the Syrians declared that the description of the body at the morgue tallied with that of the missing man

The dead man was of foreign extraction, either an Italian an Armenian or a Syrian

Coroner's Physician Weston who viewed the body advanced a theory that impressed the police

From the condition of the torso he said I am sure that the murder was committed after midnight and I also believe that three men disposed of the remains Very probably the three each carried a portion and meant to throw them all in the river which is only a few hundred yards away

They got frightened probably and one of them chucked the body into this hole Another ran into the freight yard and seeing a car door open, flung his load inside The third kept on to the river and hurled the head far out into the water

As to the cutting up of the body I am inclined to think that whoever attended to this part of the crime must have had some knowledge of anatomy The work is not that of a burglar They are neatly and cleanly cut at the joints being so disarticulated that not a single bone was even scraped by the knife I do not mean that the murderer was necessarily a surgeon A butcher might have done the work

Detective Petrosino who is one of the many police officers assigned to the case after an investigation said

I do not think the murder was prearranged for in disposing of the body the murderer picked up as wrappings whatever came to his hand—a table cover and a mantel cover

The brutality of the crime indicates that there was a strong motive, such as jealousy or revenge rather than robbery

CITY COUNCIL'S NEW TAX RATE

Amount is Two Cents Higher on Account of the Influx of People

A tax rate of $1 8 will probably be fixed by the City Council at its adjourned meeting this evening This is the rate fixed by Auditor Breed in his estimate which was considered last Thursday night in committee meeting by the members of the Council

The amount is two cents higher than for several years past owing to the increased funds needed to conduct the city government consequent to the large influx of people into this city since last April

When Auditor Breed compiled his estimate he found it necessary to cut down the estimates of the heads of the departments many thousands of dollars

This evening the Council will in all probability restore some of the funds as compiled by Auditor Breed in order to secure enough money to pay for the twenty three new policemen and two detectives which it was recommended by the committee last Thursday night should be allowed Chief of Police Wilson

When asked about the Cuban situation Speaker Cannon said

Of course it would be bad taste for me to say anything about the situation in Cuba with the Secretary of State and President handling the situation The United States will see that justice is done and the trouble ended

I think that Cuba is large enough to take care of herself and could end the trouble if the right steps were taken

DECLARES GIRL ISN'T INSANE

Seattle District Attorney Strives to Have Esther Mitchell Tried

SEATTLE Wash Sept 24—In view of Judge Frater's remarkable order of deportation Prosecuting Attorney Mackintosh purposes putting it up to the five other Superior judges of the county to try Esther Mitchell and Mrs Maud Creffield for the murder of George Mitchell If all five refuse to allow the case to come to trial as did Judge Frater and the Supreme Court refuses a writ of prohibition in the matter of the inferior judge's order the prosecuting attorney will have exhausted every means at his command He has intimated that he intends to attack the validity and fitness of the commission from every standpoint

Dr Kenneth Turner head of the commission he will point out is the family physician of Judge Frater It will be further stated that Dr Snively another member of the commission has been out of a medical school in Portland little more than a year and has had no experience in determining the insanity of any person An attack will also be made upon the specific capability of Dr Loomis the third member of the commission

Mackintosh will contend that the commission was appointed over his protest that he was denied the privilege of being present at some of the sittings of the commission that they refused to take the testimony of at least one expert to the effect that the women were sane that he was specially denied the privilege of cross-examining the relatives of the women while they were industriously testifying as to the insanity of the accused Finally it will be set forth that no judge has the right to hold aside the statutes governing the punishment of murder through the finding of an insanity commission appointed upon an affidavit by a relative of one of the parties charged with the crime

Everything Looks Good for the Success of the Republican Candidate

A rousing meeting filled with Republican enthusiasm was held by the Fifty first Assembly District yesterday afternoon in the headquarters of George S Pierce the candidate for the office of county auditor The object of the meeting was to express the district's appreciation of Mr Pierce and pledge itself to support him in the ensuing campaign organizing the Pierce Fifty first Assembly District club The four large rooms comprising the headquarters in the Globe Hotel at Thirteenth and Broadway were filled and much cheering and hand clapping characterized the session

Supervisor Harry D Rowe was elected chairman Hugh Hogan first vice president and H J Rogers secretary and speeches were made by a number of the candidates on the Republican ticket Mr Rowe opened the meeting with remarks on the different phases of the campaign and after paying a tribute to the man in whose honor the meeting was called introduced the different speakers in turn The first speaker was Judge William R. This is the first opportunity I have had of addressing the members of the Fifty first Assembly District as a united organization and I must say I appreciate the testimonial paid me this afternoon While this seems to be primarily a meeting to endorse my candidacy I must insist that everybody interested in me work for the entire ticket This is an opportune time for me to state my position and declare myself to my constituency in the Fifty first. If I am elected I pledge you that no official action of mine will ever cause a regret in the ranks of my party or my supporters and that my administration will be clean and honest While the campaign outlook is considered very favorable we must never rest on our oars Success is only won by conscientious work, and it is that which I rely upon. OFFICIAL NEWS ARE LACKING

Pacific Tone of Dispatches, However, Had Favorable Effect on Military

WASHINGTON Sept 24—Official news with regard to the situation in Cuba was lacking in Washington this morning The pacific tone of the dispatches from Havana yesterday had a favorable effect upon the military and naval officials and there was a marked change in their attitude from Saturday, when it was thought that intervention was near at hand.

The prospect of an amicable adjustment of the issues between the Palma government and the insurgents however does not deter the officials here from continuing the preparation which they have been making to land forces in Cuba if it becomes necessary

The naval colliers Leonidas at Lamberts Point, and the Hannibal at Newport News will sail in the course of a day or two for Havana loaded with coal for the American naval vessels now in that harbor and with the dispatch of these colliers it is expected that the naval officials feel that all that can be done by the navy at this stage in preparation for eventualities will have been accomplished.

SMOOT FIGHTS THE W.C.T.U.

To Give Battle for the Army Canteen, He Declares

WASHINGTON Sept 24 — Senator Smoot has come out in favor of the canteen for the army and thereby has stirred up the W C T U which has been fighting the Utah Senator The W C T U people believe Mr Smoot is to take up the canteen restoration question out of revenge against the W C T U for its opposition to him in the Senate

Senator Smoot has made a study of the conditions existing in army posts before and since the abolition of the canteen and he declares it is his sincere opinion that conditions now are decidedly worse than at any time during the existence of the canteen

There is no one better equipped than myself to foster this bill said Senator Smoot laughing I have no doubt that each and every Representative and Senator believes with the army officers that the anti canteen law is unwise yet they are afraid to sanction its repeal on account of public sentiment In my position I am sorry to say I am afraid I have little reputation to lose among the women of the country so it is up to me to champion what I think would be a good law

The introduction of the bill by any member of Congress would call for an avalanche of protests from temperance societies and women generally all over the United States but to Senator Smoot who has been stormed at with shot and shell by mothers clubs womens societies and a hundred other organizations it is predicted that opposition will be fourfold

The Senator realizes this and in carefully weighing the results has decided to take up the gauntlet and make the fight for army canteens It is hinted that the Senator realizes he will get no little pleasure in seeing those who have so bitterly attacked him thoroughly aroused over his bill

NEW YORK Sept 24 — A strange story of murder prompted by an affection that could not bear separation has been revealed near Brewster N Y through the confession of Jennie Burch an Indian nurse girl who is but 14 years old says a dispatch to the World It appears that a series of incendiary fires have occurred at Cowles Corners twelve miles from Brewster and suspicion fell on the Indian girl Jennie Burch She repelled the suspicion vigorously Last Friday the girls charge Wilbur Wonship two and a half years old was suddenly stricken with illness and soon died Investigation developed that the child had been given a poisoned peach The nurse girl was suspected but the crime seemed inexplicable as the girl was known to be deeply attached to the child Sunday just before the childs burial the crime was explained The girl was brought into the room where the body of the little one lay When she saw the child she threw herself on the coffin and cried I killed him I poisoned him

Later when she grew calmer she admitted that acting under an uncontrollable impulse she had set a number of incendiary fires She knew she was suspected and thinking she would have to die for the crime she poisoned the boy whom she loved so that he might go with her

WANT EIGHT HOURS A DAY

Building Trades Council Find No Objection to the Plans Proposed

The Building Trades Council of Alameda county and the Central Labor Council of this city want to have an eight hour labor day established in this city and county by the Board of Supervisors and with that end in view filed the following request with the Board this morning

To the Board of Supervisors of Alameda county State of California We the undersigned central labor bodies and representative citizens of the City of Oakland and County of Alameda do hereby request your earnest consideration and speedy action on the subject matter herein contained

That as public service corporations have received from the people of the City of Oakland and County of Alameda through their representatives immensely valuable franchises at but little cost and that said corporations should be compelled to concede any point that make for the public good we therefore demand that the Board of Supervisors of this city and county do at once proceed to make such regulations as are in their power to establish an eight hour work day for all classes of labor performed in his city and county for any and all franchised corporations and that the Board of Supervisors prepare regulations governing conditions of labor on all future franchised enterprises to the end that the eight hour day shall obtain on all public and semi public work and especially on work performed for franchised corporations

We beg to call the attention of your honorable body to the fact that a general shortening of the hours of labor is taking place throughout the country and especially in the State of California When there are strikes and threatened strikes to enforce the eight hour day we believe it to be your duty to establish such conditions that there may be no industrial disturbances in Alameda county which would most assuredly be to the detriment of the best interest of this community

The communication was referred to the District Attorney

Mr. Gillett's Opening Address.

Saturday night the people of Oakland gave Hon James N Gillett a flattering welcome, had there been a hall in town large enough to hold the crowd he would easily have had 5000 or 6000 to hear him speak Knowledge of the limited seating capacity of the Macdonough kept many away nevertheless the theater was packed to suffocation and less than half of those who came succeeded in getting admission Mr Gillett received a warm greeting when he was introduced to speak and was listened to with an attention that evidenced intelligent interest

The Republican candidate made an excellent impression on those who had the good fortune to hear him Others who have only read what he had to say in opening his campaign will appreciate the strong vein of common sense the admirable self poise, and the even temper which distinguished his remarks The grasp of public questions he displayed marks him as a man of reserve force and mental balance It did not take many minutes to convince his hearers that a man of national stature stood before them not some parochial agitator working temporary passion and prejudice as an issue for his own preferment

Mr Gillett's manner was quiet but forcible and earnest He attempted no flights of oratory made no reflections on opposing candidates and appealed to none of the passions of the past or present He disdained the arts and practices of the demagogue, and beyond stating with calm decision that he was not the candidate of any boss or corporation but of the great Republican party, whose story of achievement is the proudest chapter in American annals made no allusion to the fustian his opponents are talking from the stump He impressed his audience as a strong capable trust worthy self contained man, not easily moved by passing gusts of popular opinion nor readily swayed from a course marked for him by his convictions

In short Mr Gillett showed himself to be the kind of a man his personal and political history would lead one to expect—a man of sturdy American stock clean farmer folk, educated in the public schools, inured to toil during his earlier years and rising to eminence in politics and the law by the aid of his talents industry and personal character As a laborer he was sober industrious and intelligent as a lawyer he was studious painstaking and upright as a public man he has been sincere, faithful and capable—in all positions a self reliant clear headed effective man of the people There is not a blot on his personal professional or political record Everything about him denotes a clean wholesome sensible and self respecting citizen disdainful of petty motives and low intrigues California could not have a better man for Governor nor one more peculiarly qualified to meet the requirements for a chief executive at this time In our opinion he will be elected by a phenomenal majority

The Atlanta Race Riot.

The race riot in Atlanta was a deplorable affair It gives evidence of a feverish excited state of mind at the South which foreboded still more evil and violent consequences The indiscriminate slaughter and maltreatment of law abiding colored people because some unknown members of their race made indecent assaults on white women is altogether illogical and unjust because it punishes the innocent for the crimes of the guilty and holds an entire race responsible for the acts of an idle and vicious minority It makes more difficult to detect and punish the wretches actually guilty of the crime against womanhood for the exigencies of the case compel the innocent to make common cause in self defense with the perpetrators of the outrages which have so incensed the community Unfortunately mob cruelty and injustice in the past have prompted colored men of the agitator type to apologize for crimes committed against white women and to advocate reprisal Such counsels can only lead to deeper race antagonism and to race war On the other hand the speeches made by Hoke Smith during his recent canvass for Governor inflamed the prejudices of the Georgia whites against negroes in general and popular passion was still further heated by the incendiary articles printed in a sensational Atlanta newspaper preaching a crusade against the colored race A revival of the Ku Klux Klan followed and even peaceable negroes took the alarm and armed themselves against impending assault The natural consequences have ensued If the whites refused to distinguish between the innocent and the guilty how could the blacks be expected to do so? If the negroes are denied the protection of the law and the right of trial in the courts how can they be blamed for arming to defend themselves against lawless attack? The saddest phase of the matter is that the Atlanta outbreak is symtomatic of a bitter and vengeful race feeling which seems to be spreading at the North as well as the South Race riots are of frequent occurrence in Ohio, Indiana New York New Jersey Kansas and Illinois as well as in Georgia Mississippi South Carolina, Missouri and Arkansas Race prejudice is increasing instead of decreasing It is fomented on one side by white men like Rev Thomas Dixon, Governor Vardaman, Hoke Smith Jeff Davis and Tom Watson and on the other by colored men like Bishop Turner Burghardt DuBois and others of their school, who preach social equality and advise the colored people to assert their rights by force The outlook is rather disheartening The situation is made difficult and exceedingly delicate to handle by the low class of brutes among the negroes who give rein to their unbridled passion for white women apparently with little regard for their own safety and still less for the welfare of their race The vicious untamed wretches whose tropical passions prompt them to commit crimes of the most hideous and maddening description are the despair of sociologists and the worst enemies the negro race has to encounter in America

RAILROAD OVERCROWDING

Under existing laws there appears to be no adequate remedy in the State of New York for extortion by a railway company when it takes the form of a refusal to furnish sufficient cars To judge from the practice of most railways running out of Chicago there is no law against overcrowding in this State of which the companies have any fear There ought to be When a train leaving at the same hour every day is usually overcrowded the company should make provision for the usual number Extraordinary conditions may usually be foreseen To tell a passenger he may wait for the next train is to add insult to injury To tell him to sue the company if he feels aggrieved is to taunt him While the railroads are being regulated here is something which needs regulating—Chicago Tribune

County Clerk John P. Cook.

There is not a more efficient and obliging County Clerk in California than John P Cook nor one who feels the responsibilities of his office more keenly Mr Cook has never considered that his official duties ended with a mere routine performance of what the statutes specify He and his deputies have uniformly acted on the theory that they are paid to accommodate the public in the broadest sense, furnishing information in regard to county affairs to whoever applied for it and showing courtesy to all having business to transact with the County Clerk's office Mr Cook and his chief deputy George S Pierce, have so impressed this policy on the subordinate members of the office force that each and every one manifests an obliging readiness to assist citizens in the transaction of business with any department of the county government. This is no small thing It is a proof that Mr Cook is serving the public with a zeal and fidelity which merit the highest commendation This commendation will be expressed at the polls next November when Mr Cook will be re elected by an overwhelming majority So capable zealous, obliging and upright an official is bound to receive the endorsement at the hands of his fellow citizens that he deserves That is why John P Cook will receive one of the largest majorities ever cast in Alameda county

It is estimated by the County Clerk that when registration closes at midnight Wednesday there will be fully 45,000 names on the Alameda county register an excess of 11,000 over the highest former registration This will advance Alameda county from third to second place in voting strength among the counties of California San Francisco will have to retire from first to third place, as her registration promises to fall several thousand below that of this county

A prim old Rook, of prudish Mind,
To Ways and Thoughts austere inclined
Spent all his Time in poking round
Where younger Rooks did most abound,
In ent to catch 'em as they sport
In doing what they didn't ought,
(Which meant—to say the Truth exact—
Well, almost Everything in fact,
Except behaving just like him,
And looking pious, grave and prim)

One Morn, as he diurnal went,
On such detective Errand bent,
A spry young female Rook he found
Taking a Dust Bath on the ground,
And fluttering her Pinions so
As all her Ribs, 'tween Whiles, to show

Great Pies!" exclaimed his prudish Nibs,
As hard he eyed the fair one's Ribs,
How dare you, lifting thus your Wings,
Display to public View those Things?
Such Shamelessness disgusts me quite,
I vow I cannot bear the Sight!"

Can't bear the Sight?' retorts Miss Rook,
Then why the Hades stop and look?"

The rumored abdication of the aged Emperor of Austria calls attention to the peculiar position occupied by the Countess Chotek, wife of Archduke Francis Ferdinand, heir presumptive to the Austro-Hungarian throne The Countess is a gentlewoman by birth, but not having a drop of royal blood in her veins she can never be Empress of Austria On the other hand, there is nothing to prevent her being Queen of Hungary Thus, while in Budapest she will occupy the first rank, in Vienna she will be obliged to take her place after all the archduchesses, her sisters-in law In these days of democracy such anachronisms make one smile—Tatler

S.S.S. PURELY VEGETABLE

The fact that S S S is a purely vegetable preparation, containing not the slightest trace of mineral in any form, has been one of the strongest points in its favor during its forty years of existence It is recognized everywhere not only as the best of all blood purifiers, but the one medicine that can be taken with absolute safety by the youngest child or the oldest member of the family Next in importance to removing the cause of any disease is the condition in which the system is left after a course of medical treatment Medicines containing mercury potash or other strong mineral ingredients often do permanent injury by eating out the delicate lining and tissues of the stomach producing chronic dyspepsia unfavorably affecting the bowels and so damaging the system that even if the original cause of the disease has been removed, it is left in such a deranged and weakened condition that the health is permanently impaired S S S enjoys the distinction of being the only blood medicine on the market that does not contain a mineral property in some form Being made entirely of roots, herbs and barks it is absolutely harmless to any part of the system, and while curing disease adds strength and health to every part of the body S S S removes all poisons, freshens and purifies the blood and gives better and more lasting results than any other blood medicine S S S is the very best treatment for Rheumatism Catarrh Scrofula Sores and Ulcers, Skin Diseases Contagious Blood Poison and all troubles due to an impure or poisoned blood supply Besides being the King of blood purifiers S S S is the best and most invigorating of all tonics

THRASHES MAN THEN SUES HIM

California Woman Has Trouble With a New York Doctor

NEW YORK, Sept. 24—Dr Feeder von Raitz who has offices at 102 Central Park West and at Spring Crest Sanitorium, Ossining was given a fearful thrashing with a horsewhip last Friday at the sanitorium by Mrs. Katherine E Deane, the handsome San Francisco widow who has been the manager of the fashionable Ossining sanitarium at Spring Crest for the past five months and now Mrs. Deane has instructed her attorney Arthur L Fullman of 302 Broadway to bring suit against Von Raitz for $50 000 Mrs. Deane will sue for damages for assault, as she claims that the doctor received the sound thrashing at her hands in self-defense

Dr von Raitz is well known in Ossining and in Yonkers as well as in this city as he has extensive real estate holdings in the several places, the Spring Crest property which he leased for a year as a sanitorium being valued at $40 000.

The exciting encounter between the handsome widow and the owner of Spring Crest took place when Mrs. Deane was alone with the servants in the house The story which will lead up to the doctor's arrest and the subsequent suit is told by Mrs Deane as follows

'For the past two months Dr von Raitz has been making himself most obnoxious and offensive He has stayed here for weeks at a time, and his attentions and advances to one of the maids in my employ were of such a nature that she came to me for protection. It was this condition along with other matters dealing with the management of this place, which led up to the hostility between myself and Dr von Raitz and last week when Dr von Raitz called me a liar in so many words, I said to him I may be a widow with no natural protector but we women of the West don't let a little matter like that bother us A pistol or riding whip or both, are sometimes as effective.

At that the doctor raised his hands to strike me thinking my threat was a bluff I suppose but I was ready for him. I had been fearing an attack from him for some time I took out my riding whip which I had concealed. He struck me and then I rained blow after blow on his neck and face I must have struck twenty blows when he grabbed the whip away and hit me a stinging blow with his umbrella. I gave him a box on each ear and got the umbrella away from him He was about to attempt to kick me when one of the men employed about the place came in and shoved him out of doors.

After the encounter with Dr von Raitz Mrs Deane went down to the office of the town marshal and applied for permission to carry a pistol but she was told that such permission was not necessary if the circumstances required it.

DYNAMITE VICTIMS PLACED IN GRAVE

KNOXVILLE, Tenn., Sept. 24—Sunday was a day of funerals at Jellico, all victims of the dynamite explosion of Friday morning being buried. The streets are still being patrolled by armed citizens, 100 men constituting on duty each night. Partial confirmation of a story that four other persons lost their lives Friday was secured yesterday when a child's hand was found in the ruins. Several witnesses had stated that they saw a family of four husband wife and two children walking near the scene of the explosion just before the dynamite went off The finding of the child's hand leads many to believe that the family was wiped out.

HOSPITALS CROWDED

MAJORITY OF PATIENTS WOMEN

Mrs Pinkhams Advice Saves Many From this Sad and Costly Experience

It is a sad but certain fact that every year brings an increase in the number of operations performed upon women in our hospitals More than three fourths of the patients lying on those snow white beds are women and girls who are awaiting or recovering from operations made necessary by neglect

Every one of these patients had plenty of warning in that bearing down feeling pain at the left or right of the abdomen nervous exhaustion pain in the small of the back pelvic catarrh dizziness flatulency displacements or irregularities All of these symptoms are indications of an unhealthy condition of the female organs and if not heeded the trouble may make headway until the penalty has to be paid by a dangerous operation and a lifetime of impaired usefulness at best while in many cases the results are fatal

Miss Luella Adams of Seattle Wash writes

Dear Mrs Pinkham —

About two years ago I was a great sufferer from a severe female trouble pains and headaches The doctor prescribed for me and finally told me that I had a tumor and must undergo an operation if I wanted to get well I felt that this was my death warrant but I spent hundreds of dollars for medical help, but the tumor kept growing Fortunately I corresponded with an aunt in the New England States and she advised me to take Lydia E Pinkhams Vegetable Compound as it was said to cure tumors I did so and immediately began to improve in health and I was entirely cured the tumor disappearing entirely without an operation I wish every suffering woman would try this great preparation

Just as surely as Miss Adams was cured of the troubles enumerated in her letter just so surely will Lydia E Pinkhams Vegetable Compound cure other women who suffer from female troubles, inflammation kidney troubles nervous excitability or nervous prostration

Mrs Pinkham invites all young women who are ill to write her for free advice She is daughter in law of Lydia E Pinkham and for twenty five years has been advising sick women free of charge Address, Lynn Mass

FAMILY RUNT

Kansas Man Says Coffee Made Him That

Coffee has been used in our family of eleven—father mother five sons and four daughters—for thirty years I am the eldest of the boys and have always been considered the runt of the family and a coffee toper

I continued to drink it for years until I grew to be a man and then I found I had stomach trouble nervous headaches poor circulation was unable to do a full days work took medicine for this that and the other thing without the least benefit In fact I only weighed 116 when I was 28

Then I changed from coffee to Postum being the first one in our family to do so I noticed as did the rest of the family that I was surely gaining strength and flesh Shortly after I was visiting my cousin who said You look so much better—you re getting fat

At breakfast his wife passed me a large sized cup of coffee as she knew I was always such a coffee drinker but I said No thank you

'What' said my cousin you quit coffee? What do you drink?

'Postum I said or water and I am well They did not know what Postum was but my cousin had stomach trouble and could not sleep at night from drinking a large cup of coffee three times a day He was glad to learn about Postum but said he never knew coffee hurt anyone

After understanding my condition and how I got well he knew what to do for himself He discovered that coffee was the cause of his trouble as he never used tobacco or anything else of the kind You should now see the change in him We both believe that if persons who suffer from coffee drinking would stop and use Postum they could build back to health and happiness' Name given by Postum Co, Battle Creek, Mich Read the little book, The Road to Wellville," in pkgs "There's a reason

WHEN THE WOMEN ARE HATLESS MEN WILL BE LESS MISERABLE

PREACHERS NOW AFTER PRETTY SAILOR HAT

THEY MUST DISCARD THEM WHEN THEY ENTER THE CHURCH PEW

EDICT ISSUED BY MINISTER

Ladies Must Remove Headgear While They Listen to His Sermons

Shall women wear hats during the church service? Shall the Easter bonnet be discarded for the plain little sailor and shall the ladies attending church take a mirror along to see if their hair is on straight when their hats are off

These are the questions which are at present puzzling members of both sexes hereabouts the men because they cannot see the pastors face through such bevies of pretty hats and the women because these same pretty hats are a delight to their hearts and they know that the feathers and plumes and ribbons and flowers only serve to enhance their comeliness

Since the Rev P C Macfarlane pastor of the First Christian Church of Alameda has issued the edict that women attending his church shall remove their hats while listening to his sermon there have been a host of arguments pro and con The majority of the women however the most of these prominent in society and club circles agree with the pastors ideas and say further that it is one of the most sensible subjects upon which he has ever expressed himself

PASTOR WANTS TO SEE EM

Although the Rev Macfarlane has not made his request from the pulpit he has circulated it among his weekly church notices which are left in the pews In defense of his request the pastor states that it is impossible for him to see half the members of his congregation the men especially and that this is his only reason for making it However it is rumored that Rev Macfarlane believes that too much thought is given by the fair sex to their dainty little head pieces and instead of heeding his words of wisdom and warning they are comparing other womens millinery with their own

Among those who are averse to the idea is Mrs F M McGurn president

MRS HENRY WETHERBEE

Of Fruitvale who favors that women remove their hats in church

of the Alameda Adelphian Club who says the pastors idea is ridiculous

THIS IS TOO MUCH

Very few women will favor such an idea said Mrs McGurn and it is too much to ask from them They cannot take off their hats in church and then wear them home with any sense of comfort because they cannot possibly get them on as well as they were at first A woman must have her hat on straight when she leaves church It would be all right at night but it will never do in the daytime The women in the congregation of this church ought to oppose the plan of Pastor Macfarlane in a body If the idea is carried through in this instance there is no telling where it will end Anyway what does a pastor know how a woman shall be dressed in church? If she has a pretty hat it will be dangerous to have it in her hands or in her lap or worse still on a vacant seat where some one might sit on it The only place for a womans hat is on her head and I hope that the reverend gentleman will see his way clear to change his mind

THIS WOMAN APPROVES

Opposed in opinion to Mrs McGurn is Mrs Henry Wetherbee club woman society woman and amateur operatic enthusiast She says

I approve of the Rev Macfarlanes idea that women should not wear hats In church they are of no more necessity than they are in a theater and they are just as much in the way I approve absolutely of the idea and I hope Pastor Macfarlane will be able to put it through

Mrs Wetherbee is a member of the Home Club in Alameda, the Sequoia Chapter of the Daughters of the American Revolution and other womens clubs

Her sentiments are also voiced by Mrs I N Chapman prominent in club circles in Alameda

FOUR INJURED IN COLLISION

Wells Fargo Wagon Wrecked by Car—Occupants Hurled Into Street

A Wells Fargo delivery wagon was wrecked at 11 o'clock yesterday morning at the Twenty first street hill and Nineteenth avenue in a collision with a car of the Oakland Traction company Two men were injured one seriously and two children narrowly escaped death

F J Village living on East Twelfth street between Twelfth and Thirteenth avenues, was taken to the Providence hospital suffering from a fractured collar bone and bad bruises and later removed to his home W H Barber struck on his head was taken directly to his home He was unconscious most of the afternoon and concussion of the brain was feared but last night it was stated that he showed considerable improvement and no more serious results are anticipated The two sons of Barber aged 9 and 10 years both received scalp wounds and were badly shaken up Dr Irwin of the receiving hospital attended the men at the scene of the accident and conveyed Village to the Providence hospital He lives in the same block with Barber

The express wagon was being driven down the Twenty third street hill ahead of the street car and attempted to turn into Nineteenth avenue when the collision came The motorman claims that he did not expect the wagon to make the turn and had it kept straight ahead there would have been no accident Owing to the grade there was not time to stop the car when the wagon practilly came to a standstill for a moment The two men both of whom are drivers employed from the East Oakland office allege carelessness on the part of the Traction Company's crew The wagon was almost completely wrecked and the horses received numerous cuts

WRITTEN BY DYING MAN

From Letters Found It Appears That He Committed Suicide.

A man supposed to be H A Kain, a locomotive fireman, died yesterday morning at the County Hospital, leaving behind him notes addressed to persons who disclaim any acquaintanceship with him. These notes lead to the belief that Kain committed suicide

One of the notes addressed to Mr Oliver Orrick president of the California Paint Company Thirteenth and Grove reads I am sorry to do what I am about to do Mr Orrick does not recall in the list of his acquaintances any person by the name of Kain

Another note found on his body reads To Mike Murphy hack driver Fashion stable Eighth and Broadway

Murphy claims that Kain is not an acquaintance of his. A third note inscribed to Peter F Jackson a saloon man who is believed to be some place on San Pablo avenue says Peter J Jackson we will meet in the other world and then I will have a fire shovel ready

Jackson could not be found last evening

Kain was first found in a lot opposite the Receiving Hospital on Franklin street Saturday morning

Someone reported to Steward Borchert of the Receiving Hospital that there was a sick man in a lot across the street and he had one of the physicians on the hospital staff make an examination which showed the man to be suffering from pneumonia. Through the efforts of some Salvation Army people the fellow was placed in the County Infirmary where his death took place shortly after

From the story told by Borchert it would appear that the man was probably aware that he was dying and the spirit of the jest being strong within him he wrote the notes

The one to Orrick would seem to indicate however that the man took his life

However it is possible that he may have taken some poison which the surgeons failed to detect.

The corn fed girl is probably very nice, but I should draw the line at corn fed beer If I were an advocate of malt bever ages Substituting corn for barley in the manufacture of beer is an outrageous imposition upon a too confiding public I believe the safest way to get ahead of these grafters is to drink only what we know to be pure and to patronize home industries. Take Lehnhardt's cocoa or his Mocha coffee, for example There is more nutrition in either of these drinks than in any malt or vinous drink, and the after effects are more wholesome.

BONDHOLDERS ARE QUIET

They Are Not Alarmed Over Troubles Occuring in Cuba.

NEW YORK Sept 24—The Times today states that events in Cuba are viewed with comparative indifference here and abroad and their progress from bad to worse has been reflected in but small measure in the stock markets which after all are the best index of the minds of that part of the public at least with interests at stake

Cuban bondholders have remained calm and the obligations of the new republic have lost only 4¼ points since the early days in August when the rumblings of the embryo insurrection were first heard At the bottom of this confidence here and abroad is the knowledge that our government under the provisions of the Platt amendment is the responsible guardian of the Cuban peace Financial interests have supreme confidence in this government's ability to put an instant quietus to the fighting on the island just as soon as intervention becomes a necessity

Cuban development has been on a marvelous pace since the American occupation under the stimulus of American and English capital It is estimated that the American capital now in Cuba amounts to $200 000 000 and the sum of English investments foots up to about the same total

BOXING IS THE MANLY ART FOR THE REASON THAT IT IS MOST BENEFICIAL

By FRANKIE NIEL.

Boxing is a manly art for the simple reason that it is beneficial and not nearly as dangerous as any other sport. Fewer casualties occurring in it, and should one occur in the prize ring you will hear a hue and cry and more adverse comment than if a hundred occurred in other games, and one in a hundred is about the average, as statistics will show. First of all, I will deal with it as I think right and have people who are inimicable to it think it over and am satisfied if they give it fair consideration they will agree with me.

There are many who oppose the game because of graft, which they would prey upon if the opportunity presented itself. This is one reason why it is stopped in many large cities. The mighty dollar which this sport has the credit of drawing is what many of the grafters are after, and when a good contest is arranged. Many miles away from their homes you will see these very gentlemen with ringside seats.

Of course, this does not apply in all cases, as unscrupulous managers are very much to blame in many instances, namely in New York and Chicago, two of the best cities in this country, and where the sporting public turn out in crowds to witness a good match, paying more for a ticket than they would for any other kind of entertainment.

Imagine $69,715 at a mining camp in the mountains for two lightweights. Doesn't this speak well for the game? I should think so.

While East I had two matches in Chicago and received $2000 for a six-round go at the Waverly Club, boxing Harry Forbes. The house was packed to standing room, and it looked as though the game was to reopen there, but petty jealousy between the rival managers caused the ban to be placed on the sport again.

In other cities you will find it opposed by men who are so pure in their moral ideas that to allow a match to take place in their vicinity would be a disgrace, but for these same gentlemen who issue an insurance policy for a company who welches when it is called upon to pay its just losses would be O. K.

Very often again you will see where they have stopped the game, for instance in Seattle, whose sheriff's ideas of morality is so sensitive that for fear o fhis constituents being contaminated, he called a halt. I suggest he take a walk across what is commonly known as "the dead line," and compare what he sees there to the last boxing contest held in his city. May be he will change his ideas of morality.

I merely speak of this because I was greatly amused while there with its morals.

There is still another class of people who oppose the game, and very justly, as nothing could be more aggravating than to pay $25 for a seat at a boxing contest ,only to find the contestants "faking." There are some such boxers today who are still in the limelight, and if I may be allowed to use the term I would suggest that they "Go way back and sit down," as the game would be much better without them. I will agree with men who stop boxing when faking is tolerated.

Boxing as a profession is as honorable as any other occupation, and it does not follow that because a man may be more proficient in the manly art of self-defense that he is not as much a gentleman as any other skilled workman. Of course, there are rowdies among boxers, the same as there are quacks among doctors or shysters among lawyers.

Why is it that the very best people in the country are usually found at the ringside? Would any one say that our President would be a guest at any dishonorable sport? I guess not. Then again, if it is not a gentlemanly profession, why is it that such men as our President engages instructors to teach his sons the art of boxing.

I am also informed that he was a regular patron of the Broadway Athletic Club in New York during the Horton law.

That don't look as if the game was disreputable. One would be surprised to have seen the audience the night I boxed Jem Bowker before the National Sporting Club in London, all of whom were in full evening dress, and one would think grand opera was being produced instead of a prizefight. The price of admission to each member and visitor was three guineas or $15.75 in our coin, and I think all of the nobility of England were present. As to our own home, I have seen thousands of our very best people who have paid as high as $25 for a seat. So this should be the best proof that it should be recognized as an honorable profession and rightly named, the manly art.

CAPTAIN RICE DENIES SALE OF JOCKEY KEOGH

He Says He Was Very Well Treated by the Racing Authorities at Seattle.

"The report from the North concerning the selling of a contract for the services of Jockey Keogh to Dan Ross, the Vancouver horseman, is unfounded," said Captain Rice yesterday. "I never had but a verbal contract, and when I got through racing at Seattle the boy went his way. And another thing I want to say is, I was treated very well by the racing authorities at Seattle, and that my horses will run at Emeryville this winter."

GRAVESEND RACE TRACK, Sept. 24. —Horses in training from various stables were sold today at auction just before the races. Fantastic brought the highest price, going to Fred Burlew for $3,400. The Pickett, a former Brooklyn handicap and American Derby winner, was knocked down to Billy Lakeland for $1,500. Other horses sold were: Voltario, to W. Lakeland, $1,500; Bayonet, to F. A. Clark, $1,200; Rose of Gold, to W. Lakeland, $1,800; Mandaria, to W. D. Millard, $2,100; Mitre, to J. Stern, $1,100; Duenna, to F. McCabe, $1,100, and Prudential Girl, to B. Schreiber, $1,000.

It was getaway day at the Kentucky State Fair Saturday, and the racing scene has shifted to Douglas Park for a final week of sport before returning to Churchill Downs, where eighteen days of racing will be held, a final for the year for that section.

News flashed over the wires from New York that David Johnston, the famous New York plunger, won another fortune estimated at $200,000 at Gravesend track Saturday, laying all the bookmakers would take on race after race and not losing a single wager in the six events.

* * * *

A well known Oakland turfite who is now on the ground at Helena, Mont., writes from a racing standpoint that the Montana State fair will be more than a success, and that the stakes for running horses to be decided at the Montana State Fair, October 1 to 6, have filled beyond all expectation. The Helena Handicap, $1,000, one and a quarter miles; the Mountain stake, $1,000, one mile, and the Henry A. Meyer Hotel stakes for $500 have an average number each of eight entries, and among them are some of the best horses in the Northwest. In fact, these races drew from California, Oregon and Colorado. The program, as now arranged, calls for two harness races and three running races each day. In addition to these is the cowboy relay race for $1,000, which is attracting more attention and bringing more entries than was thought possible at the announcement of the race.

* * * *

The Spokane Fair and Racing Association will open today. The majority of horses which took part in the Seattle meeting will race there. The Sausalito bookies have made arrangements to handle that meeting over their leased wires.

Bill Hanke has Arcade in training and he is galloping and going sound and his class will tell this winter.

When Go Between returned to the paddock after the running of the first special at Gravesend the other day, it was discovered that he was bleeding profusely from a deep incision in his off hind leg. Trainer Will Shields applied lotions to the wound. At the stable it was said that it is not likely that the horse will start again this season, and perhaps might never race again.

* * *

Trainer Billy Green, who has a host of friends in and around Emeryville, will campaign a string of useful performers at Emeryville this winter. Mr. Green is one of the best trainers in this country.

* * *

Colonel D. M. Burns, one of the largest stockholders in the New California Jockey Club, was a visitor to the Emeryville track yesterday. After inspecting various interests and consulting with Secretary Treat concerning racing matters, departed for the city. Colonel Burns has been at Catalina island on a fishing trip since the fire. It is said that the colonel's catch of the finny tribe was the largest seen on the island for years. Recently Mr. Burns has been made a member of the Tuna Club.

Marty Bergen, who a few years ago was seen in the saddle on the local tracks, has a son riding around New York, Joe Bergen. The boy is named after Joe Bergen, who was killed in a race at Gloucester.

The horses of E. J. Baldwin will arrive next week at Emeryville. Among them are Cruzados, Orelio, Fastosa, Lisare, Rey del Mundo, El Dinero, Dorado, La Chata, Ardnes, Liberto, Aragon, Soldola and Atlantico.

Four races daily are being run at Churchill Downs, as the State fair is now holding the center of the spotlight at Kentucky. Interspersed with these are trotting and pacing races.

THE ACCOUNTANT IS A GREAT MONEY MAKER

Three-Year-Old Has Won a Total of Nearly One Hundred Thousand Dollars.

The greatest money winner of the season, Accountant, by his victory in the annual Champion Stakes yesterday at Sheepshead Bay brought the total of his winnings on the turf in two seasons up to $97,360, and, with the engagements that he has for the remainder of the year, it seems almost a certainty that before he goes into winter quarters he will have joined the great list of winners of $100,000 or more on the American turf.

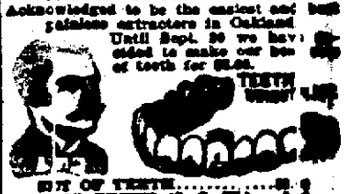

Accountant, a brown colt, by Filigrane-Reckon, by Pizzaro, was bred by A. H. and D. H. Morris, and by them sold to the late Captain S. S. Brown, in whose stable he raced last season as a two-year-old. At two years Accountant was winner of two important stakes, but was so overshadowed by the numerous smart horses of his age that he did not achieve especial prominence. This season, after the death of Capt. Brown, Accountant was raced in the early part of his three-year-old form by W. H. Brown for the S. S. Brown estate, and in the early part of the summer was sold to James B. Brady for $30,000.

The great value of the colt when the sale was made was regarded as more in the fact that the best horses that he might have had to compete against had gone amiss, until Accountant was practically alone among the high-class colts engaged in the great stakes, but for all that Accountant had proved himself to be a great race horse, and in his stake winnings this season has followed closely on the career of the great Sysonby, winner of $142,000 last season.

As a two-year-old Accountant's total winnings were $15,420, and in the Brown Stable this year, when trained by Sober; Tucker, earned $10,910 more for the Brown Stable. At the Gravesend Spring meeting he was sold to Mr. Brady, and since then, under the training of M. M. Allen, he has been beaten but once, and has rolled up a total of $17,030 in winnings for that owner, and a total of $31,84[illegible] for the year. The important stakes won by Accountant this season include the Withers, the Tidal, the Lawrence Realization, the Saratoga Derby, the Brighton Derby, and the Annual Champion.

WAS ANXIOUS TO KILL FAMILY WHO WAS INDEBTED TO HER

FIRED FIVE SHOTS INTO BASEMENT OF HER HOME

THEN TOOK A HOE AND BROKE ALL THE WINDOWS IN THE HOUSE

DISPUTE WAS ABOUT RENT

Woman With the Gun Explains That She Had Been Bothered of Late.

ALAMEDA, Sept. 24.—Angered over a dispute about rent, Mrs. Helmina Bruder fired five shots into the basement of her home at 1507 Sherman street yesterday, where Joseph Bruch and his wife and small child have been residing for the past six weeks. The shots crashed through from the floor into a room where Mrs. Bruch but two minutes before had been sitting with her child. After firing the shots Mrs. Bruder rushed to the floor below and threatened to exterminate the entire family if they did not vacate the premises immediately. They did not comply with the request with sufficient rapidity to please the woman and she took a hoe, lying in the garden, and broke all the windows in the house. After breaking the windows the infuriated woman rushed upstairs to her rooms and poured water through a hole in the floor onto the people below.

After committing every act possible to drive the tenants from the house she barricaded the doors of her home and would not allow an officer to enter. For over three hours the woman sat at the front windows of her home peering from the curtains, while officers Welch and Huff vainly requested that she open the door and come to the police station. It was not until Officer Theodore Anderson arrived and after demanding that the woman open the door, placed his shoulder against it and broke through, covering those in the house with his revolver before they had time to realize what had happened. When Anderson broke into the house he was astounded to find four persons in it. They were Mr. and Mrs. Bruder and Mr. and Mrs. Frank Eweret, who reside at 609 Twenty-third avenue, East Oakland. On a table was a large bottle of wine. They later explained at the police station that they had come to visit the Bruder family. When questioned, Eweret denied that any shots had been fired, but after hearing Mrs. Bruder acknowledge she had fired, he stated that he was not sure how often the revolver had been discharged.

The first notification the police had of the affair was shortly after three o'clock. Officer Welch was hastily sent to the scene of the affray and was later joined by Officer Huff. At six o'clock Officer Anderson was sent to the Sherman-street residence and quickly took matters in his hands. After going to the front door and receiving no response to his demand that the door be opened, he went to the back door and, hurling himself against it, jumped into the room and compelled the entire party to raise their hands.

The revolver the woman had used was found hidden in a closet. The chambers had been refilled after the revolver had been cleaned. Every trace to show that the revolver had been fired had been hidden as much as possible, but the odor of the powder was still strong when the weapon was examined at the police station.

During the time the party was barricaded in the house a large crowd gathered in front of the residence and there were frequent scamperings for places of shelter whenever the woman appeared at the door. When Officer Anderson broke into the room he quickly handcuffed the men, later allowing them to be released. After protesting greatly the woman traveled to the police station with the officers. A charge of discharging firearms within the city limits was placed against Mrs. Bruder and her husband. This charge may be changed to a more serious one. Justice Tappaa, with the aid of the telephone, released the man and woman on their own recognizance, after having set their bail at $100 cash.

The Bruders have resided at their home on Sherman street for a number of years and bear a very good reputation. The husband is a machinist and owns the house where they reside. Six weeks ago the basement was fitted up and rented to the Bruch family at the price of $15 a month. After they had been in the house a month the rent was raised to $75. They were to move on Wednesday, but after the episode of yesterday hastened their departure and while the family upstairs kept themselves barricaded those on the lower floor were aiding an expressman to take their belongings to another spot.

Mrs. Bruder explained at the police station that she had been greatly bothered by the tenants, and that she had become so angered at their insults that on the impulse she grabbed the revolver and sent one shot into the air and not into the basement.

Mrs. Bruch stated, while packing furniture to the express wagon, that on Friday Mrs. Bruder had threatened to kill her if she did not leave the house. She feared, she stated, that Mrs. Bruder would yet attempt to do her bodily injury. The Bruch family have but lately come from Germany. Justice Tappan is to try the case.

PROPERTY MEN ARE SELFISH

Such is Opinion of Charles Keeler Given While Speaking at Annual Dinner.

BERKELEY, Sept. 24.—The Berkeley Unitarian Club, which carries on its membership roll the names of many of the leading residents of the college town, gave its semi-annual dinner in the new

CHARLES KEELER.

Hillside clubhouse last night. Addresses were made by W. H. Mills, W. H. Payson, the president of the club, and Charles Keeler, the poet and song writer.

Charles Keeler spoke of the courage that has been shown by the people of San Francisco, and of the selfishness of certain members of the civic body which stands in the way of the adoption of the Burnham plans. He said in part:

"The city of many hills overlooking bay and ocean, guardian of the Sierra gold and holder of the keys to unlock Cathay, has suffered as no other city has suffered before. Today, facing a loss that has appalled all, she is the richest in the federation of the cities. The courage of her people has been tested and proved the love and loyalty of her children.

"When will the city beautiful be realized? The Burnham plans will not be adopted, because of the selfishness of individual property owners who cannot see that whatever is good for the city as a whole in the long run will be good for individuals. Suburbanites should talk up civic pride and do things that would be for the good of the city, regardless of personal interests."

W. H. Mills spoke in part as follows:

"San Francisco was built by modern forces and has tremendous possibilities. It is the center of financial exchange, a city of great magnitude. A true history of the city cannot be written. No other city stands by the sea and has better facilities for transportation. There is no more danger of San Francisco having a rival than the law of gravitation need fear a repeal.

"The duty of the suburbs is to help take care of the civic conditions. Berkeley is an independent city. The best expression of civic virtue is to be found here. You will make a great city of Berkeley if you leave it as it was originally made.

"Interstate commerce will have a marked effect on cities. A vast amount of the commerce that has gone to terminal points has been the occasion of much anxiety. This need not disturb us. Interior towns will grow as they have never grown before, and hence San Francisco will have a vaster territory to urge on with greater speed than formerly."

CRUSHED BADLY BY LUMBER

BERKELEY, Sept. 24.—Through the falling of a lumber pile, John Mansfield, while at work in San Francisco Saturday, received injuries that may cost him his life. Though his left leg was badly crushed, he was taken to his home in Berkeley. Dr. Farrar, who was then summoned, found that mortification had set in. All that the attending physician will say is that there is a show for his patient to pull through. The man's leg will be amputated only as a last resource.

COMINGS AND GOINGS ABOUT BERKELEY

BERKELEY, Sept. 24.—Chief James Kenney of the fire department takes his departure tomorrow for Marin county, where he will spend two weeks in recreation. He will be accompanied by his wife and family.

Mr. and Mrs. Martin Foss returned Friday night after a two-months' visit in the East.

Dr. and Mrs. Thomas J. Clark and the doctor's sister, Miss Annie Clark, of 2513 Hillegass avenue, have returned from a six-months' trip through the Eastern States and Europe.

Mr. and Mrs. E. W. Adriance spent Sunday at Brookdale in the Santa Cruz mountains.

GOMPERS WILL WATCH POLITICS

NEW YORK, Sept. 24.—Samuel Gompers, president of the American Federation of Labor, paid a flying visit to New York, and returned yesterday to Washington after conferring with the leaders of the independent labor party. His object in coming here was to map out a plan of campaign against certain Congressman who are said to have gone on record as being opposed to organized labor.

Before he went away, Gompers expressed himself as satisfied with the progress made by the Independent Labor party. According to Gompers, labor will play an important part in the elections all over the country this year.

NEIL GREY DEAD.

NEW YORK, Sept. 24.—Cornelius B. Cammyer, known on the stage for twenty years as Neil Grey, died on Saturday at his home in Brooklyn.

SWORD MADE HIM YELL WHEN HE PLAYED WM. TELL

ALAMEDA, Sept. 24.—While Major Maguire has been appearing at a local theater in a sword exhibition, he was assisted by Albert Chandler, a yound man who has been acting as assistant stage manager at the theater. That is, Chandler assisted for the first two nights. On the second night the program was going nicely. The major was cutting apples on the throat of his assistant, and the audience was voicing its approval. Chandler played William Tell. An apple was placed on his head and the sword swished above and the apple fell in two pieces. The next trick was to place an apple on the back of the Chandler neck. The apple was placed, the sword fell and Chandler yelled. That night he closed his engagement, as assistant to Major Maguire, and has since been nursing a cut made by the sword.

PROGRAM FOR SYMPHONY CONCERT

NUMBER OF PROGRAM IS OVERTURE OF GRIEG'S "IN AUTUMN."

Of All Modern Composers He at This Time Seems to be Most Popular Here.

BERKELEY, Sept. 24.—The musical and dramatic committee of the University has announced the program for the next symphony concert, which will be given in the Greek theater next Thursday afternoon. The first number is the concert overture of Grieg entitled "In Autumn." Of all the modern composers Grieg seems to be the most popular in California, which is possibly an illustration of the attraction of contrasts, since the music of Grieg displays in its most varied forms the color of the North, so foreign to the climate, flora and Latin customs of California. The program music of Grieg is unusually attractive.

The second number is the famous pastoral symphony of Beethoven. In this composition the highest nobility and most mature musical style of the master of symphonies is attained. Though named in such a manner as to suggest program music, this composition is in reality not descriptive music at all, but is a symphony in purest form, and of all the Beethoven symphonies possibly the most lovable, breathing throughout a lyrical spirit that is in marked contrast to the rugged force of the symphonies that precede and follow it in the order of composition. No more appropriate place for the rendition of this symphony can be imagined than under the azure of the California sky, surrounded by pine and eucalyptus.

The third number is composed of the overture to Tristan and Isolde, followed by the music of the death scene of Isolde. The music of Wagner is not always fully enjoyable when separated from the text, but in these numbers, as in the Siegfried Idyl and the music of the Reingold, the compositions as orchestral music alone are fully satisfying, and represent the finest that Warner has done.

The final number on the program is the second Hungarian rhapsody of Liszt. This composition, so popular among all concert-goers as a pianoforte number, has been orchestrated by Matthew in such skillful manner and with such musical taste and judgment as to preserve the brilliancy and verve of the Lisztian spirit.

BANQUETED ON PORK AND BEANS

Jack Herr Meets Up With Some Jolly Company in the Windy City.

BERKELEY, Sept. 22.—Jack Herr, one of the members of the Republican central city committee, has just returned from the east, but he is very reticent about his experiences in Toledo, Ohio. Herr had visited New York, Philadelphia, and other big cities of the effete east, but it was not until he dropped into his native town, Toledo, that he met his Waterloo.

One of the greatest practical jokers in town is "Bull" O'Hara, the Democratic leader and superintendent of the Toledo traction service.

Learning that Herr was a guest at the Brodle hotel, he called upon him and invited him to be the guest of honor at a swell dinner that they had prepared for his reception.

Jack, thinking it was to be a society affair, donned his Tuxedo and proceeded down to the lobby where he was met by a delegation. A trip in an automobile soon followed and Herr was whirled over the town for half an hour or more when he was suddenly landed in front of an all-night lunch wagon.

Unconscious of the fact that he was the victim of a hoax, Jack descended from the machine only to meet a host of his old-time friends awaiting his arrival before a "pork and beans" dinner.

It was then that the honored guest woke up and started to deplete the champagne supply in Toledo, but when he reached here he had nothing to say of his thrilling ride and its denouement. Even as murder will out, so will a practical joke, and Jack can be found setting them up to the hundreds of friends, political and otherwise, who are on to the game.

PUT TO DEATH.

NEW YORK, Sept. 24.—The World today prints a statistical story which avers that 4000 persons have been put to death without warrant of law in the United States in the last last twenty-five years. Ninety-five per cent of them, it declares, were negroes charged with assault on white women.

Annual Meeting of Association for Prevention of Cruelty to Animals Is Held in Town Hall.

BERKELEY, Sept. 24.—The Berkeley Society for the Prevention of Cruelty to Animals held its annual meeting in the town hall last week and re-elected its old officers. This society lately took over the control of the pound and the report made last week showed that the pound is now tributary to the town treasury for the first time in its history. Furthermore, all the old buildings belonging to the pound have been torn down and replaced by comfortable sanitary structures. In the yard, where one year ago lay the starved and bruised bodies of helpless dumb animals, now blooms beds of sweet peas and morning glories. It is claimed that formerly the animals were imprisoned without food for several days and then tortured to death.

It was as a result of numerous protests that the pound finally passed into the control of the humane society which numbers on its board of directors many leaders of Berkeley society and several prominent business men. E. L. Coryell, of the real estate firm of Coryell & Company, is the president of the society, and Mrs. William Keith, the wife of the artist, is one of its leading workers.

The members of the humane society declare that it is not the purpose of the organization to prosecute people. Only three arrests have been made by its special officers. The report for the past year shows 375 warnings have been given. Nearly two hundred sick and disabled dogs have been killed and sixty cats relieved of their sufferings.

GAVE HARE AND HOUND CHASE

BERKELEY, Sept. 24.—The junior members of the local Young Men's Christian Association gave a hare and hound chase Saturday morning, a distance of six and one-half miles over the hills, the run being made in one and a half hours. Thirty-five took part. The boys started on Allston way, and after wending their way over the hills, returned by the Summit road. Three hares and five hounds were the first to return.

Hares—M. Penfield, H. Busher, M. Lowry, these returning ten minutes ahead of the hounds. Hounds—W. Brier, Ed. Brier, P. Embury, D. Bagadus and C. Bonner.

HEARD THE MUSIC IN SPITE OF WEATHER

BERKELEY, Sept. 24.—A small, but appreciative audience gathered in the Greek theater yesterday afternoon despite the weather, to listen to the half hour of music which was given by Mrs. Evelyn Henry Stopanni of New York, a former Berkeleyan. Paul Henry was the 'cellist, while Frederick Maurer accompanied Mrs. Stoppani on the piano. The following program was enjoyed:

"Break, Break, Break," Manning; "Home Song," Manning; "The Years at the Spring," Beach; "Die Lorell," Bungert; "Im Herbst," Franz; "Soupir," Dupare; "Elegie," J. Massenet; "Hear Ye, Israel," Mendelssohn.

THIS PRISONER TRIED TO ESCAPE

ALAMEDA, Sept. 24.—While Officer Joseph Lawrence was escorting Harry Kilday to the police station at an early hour yesterday morning the prisoner threatened to kill the officer and made an attempt to escape from him. The arrest was made at the corner of Oak street and Central avenue, and when the pair neared the police station Kilday made a break to get away. He was not quick enough and was taken into the jail, where he was booked on a charge of disturbing the peace. He was later released on $10 bail.

WAS ON THE ROOF ON THE WRONG DAY

BERKELEY, Sept. 24.—Imagining that Sunday was a working day and that it was up to him to get to work on the building under construction next to the Berkeley Savings Bank, Joseph Vance, an Oakland carpenter who was still suffering from the effects of Saturday night's good fellowship, lost his hold after climbing to the top of the unfinished building and fell thirty feet to the hard pavement below. He received several severe gashes in his head and was given emergency treatment by Dr. Rowley, and later removed to the Roosevelt Hospital. Vance will not recover from his injuries as quickly as he regained his senses.

TUCKED AWAY IN STRAW INSTEAD OF OCEAN'S DEPTHS

BERKELEY, Sept. 24.—Cuddled up in a grocery box in his back yard, that was half-filled with straw, little 3-year-old Frank Towle of 1531 Francisco street slept through the whole of Saturday night while his father was scouring the beach and his mother was leading a searching party over the hills in an effort to find the supposedly lost child. The father and mother gave up the search at midnight, after notifying the police. But the anxious parents were unable to sleep and, while he was pacing the back yard in the early morning, Towle suddenly heard the sound of a child snoring, and investigated, to find his lost boy curled up and sleeping peacefully in his improvised bed.

The lad said that he had returned late from the hills with two companions, and had taken refuge in the grocery box to avoid explanations with his father and mother.

HE WAS SUED FOR DIVORCE

This Was Cause of Act Which May Soon Result In His Demise.

ALAMEDA, Sept. 24.—Charles Towle, the Fruitvale man who sent a shot into his breast because his wife commenced divorce proceedings against him, is stubbornly fighting all efforts of his physicians to save his life. Towle is fatally wounded if he is not put under the X-Ray so the surgeons can find the shot which penetrated his body. He is fighting against all that is being done for him and the end is but a matter of time should he persist in his refusal to allow the physicians to ascertain the location of the leaden missle.

Towle is now at the Alameda sanatorium in the Encinal City. When he was taken there the physicians attempted to put him under the machine to find where the bullet was located. He would not allow them to do so and as he would have to remain perfectly quiet and in the same position, the attendants were unable to do anything with him. His condition is a little improved but his death seems certain, if the ball is not located and hemmorages stopped. Towle has continually implored his attendants to leave him to die. He does not want to live and is continually resisting any effort to save him from death.

Do Your Meals Fit?

DO YOU FEEL SNUG AND COMFORTABLE AROUND YOUR WAIST LINE AFTER A HEARTY MEAL?

Did your last meal taste deliciously good to you, and did you eat all you wanted? Could you have patted your rotundity in glee and felt proud of your appetite and of your good strong stomach? Do you feel rosy now because your last meal gave you no inconvenience whatever? If not, you have dyspepsia in some form, and probably never realized it.

If you have the least trouble in your stomach after eating, no matter how little or how much you eat, there is trouble brewing and you must correct it at once.

Most all stomach troubles come from poor, weak, scanty gastric juice, that precious liquid which ought to turn your food into rich, red blood.

If you have nausea, your gastric juice is weak. If you have sour risings or belchings, your food is fermenting; your gastric juice is weak. If you have loss of appetite, your gastric juice is weak. If you have a bloaty feeling of aversion to food, your gastric juice is weak.

You need something in your stomach to supply the gastric juice which is scanty, and to give power to the weak gastric juice. Stuart's Dyspepsia Tablets do this very thing.

Now think—one grain of one of the ingredients of these wonderful little tablets digests 3000 grains of food. They are several times more powerful than the gastric juice in a good, strong, powerful stomach. They actually digest your food for you. Besides, they increase the flow of gastric juice, just what you need to get all the good possible out of everything you eat. You will never have that "lump of lead" in your stomach nor any other stomach trouble after taking Stuart's Dyspepsia Tablets. Then everything you eat will be digested, it will give you strength, vim, energy and a rosy disposition. You'll feel good all around, your waist line after every meal and it will make you feel good all over.

Stuart's Dyspepsia Tablets will make you feel happy after eating a good hearty meal. Take one or two after eating. You'll feel fine—then your meals will fit, no matter what or when you eat.

We want to send you a sample package of Stuart's Dyspepsia Tablets free of charge, so you can test them yourself and be convinced. After you have tried the sample, you will be so satisfied that you will go to the nearest drug store and get a 50c box.

Send us your name and address today and we will at once send you by mail a sample package, free. Address: F. A. Stuart Co., 52 Stuart Bldg., Marshall, Mich.

HOW INSURANCE MEN ARE MEETING THE DEMANDS

Companies Are Placed in Classes and the Public Can Be Advised.

SAN FRANCISCO, Sept. 24.—The doings of the one hundred and twenty insurance companies involved in the San Francisco disaster are still the subject of daily comment. Interest in the situation will not die out until the last loss has been adjusted and the last claim paid. And when that is done it is proposed to let the whole world know exactly what the companies have done, which have settled their losses in honorable, businesslike fashion, which have scaled claims purposely, which have struggled honorably against an almost impossible situation, which have shown the white feather, and which have simply "Welched."

The following classification of these companies is based upon the best information obtainable concerning their performances. It will be observed that the so-called dollar-for-dollar list, regarded merely as an advertising proposition, is discarded in favor of a list of companies whose deeds have made good their words. The list is subject to revision, from time to time, in The Examiner, as changes take place and more definite information is to hand:

CLASS A, the Roll of Honor—This list includes companies that are credited with businesslike adjustments and settlements of their San Francisco losses. There are some in the list that may reasonably be classed as dollar-for-dollar concerns, in that they have paid their losses as adjusted in full. There are others known to have charged a moderate discount for immediate cash settlements. But in all cases these companies are believed to have kept business faith with their creditors, large and small.

Dutchess, 30 cents.
North German of New York, 25 cents.

CLASS D—The waiting list. The companies in this class comprise (1) the "welchers," pure and simple; (2) companies that have postponed settlement pending financial negotiations; (3) companies in the hands of a received.

(1) Rhine & Moselle.
Transatlantic.
Austrian-Phoenix.
North German of Hamburg.
Atlanta-Birmingham.
(2) Calumet.
Fireman's Fund.
Home Fire and Marine.
Pacific Underwriters.
Equitable.
(3) Traders.
Security of Baltimore.

There are but few changes to record since last the companies were classified. Class A—The roll of honor remains the same, those companies that have best claims to be regarded as dollar-for-dollar concerns being found nearest the top of the list. But while Class B remains practically unchanged there is a good deal to be said about the companies enrolled therein. They are not all alike, either in purpose or performance. Some started out to make dollar-for-dollar settlements and fell from grace later from various causes. Others shaved losses at first, afterward saw the error of their ways and for the past month have made as honorable settlements as any in Class A. Others stood out firmly for the 75-cent flat rate compromise at the Oakland conference four months ago, and notwithstanding the failure of that scheme have ever since acted as if it had received the unanimous approval of the Underwriters' Bureau. Then there are companies in Class B that are hard hit and are making the very best settlements they can with their limited resources.

Tales of Two Cities

An interesting showing made by Oakland and San Francisco newspapers. The figures prove conclusively that Oakland now contains an immense population and that THE TRIBUNE advertisement appeals to an enormous purchasing community.

SAN FRANCISCO EXAMINER—FRIDAY, SEPTEMBER

A Percentage That MEANS Something

The amount of advertising published last month by the three daily papers is shown by the following table:

EXAMINER,	37,518 inches	Showing
CHRONICLE	26,743 "	
CALL	21,355 "	

That The Examiner led the Chronicle by 40% per cent
The Examiner led the Call by 75% per cent

That Percentage Means Something, Mr. Merchant.

'Tis the Same Old Story—

Before the Fire, After the Fire AND ALL THE TIME

The "EXAMINER" Leads

OAKLAND LEADS

in newspaper publicity, as will be seen by the table, and THE TRIBUNE leads them all. While population of the two cities may be on an almost equal footing the balance of power in newspaper publicity lies with THE TRIBUNE.

Are You Making Any Money?

You ought to have made a whole lot in the last two months if you had been put into the right stocks. The market has been very active and will continue to be so. You will notice that every time there is a sharp reaction it is only for a day or so and then prices go booming up again. That is true of all the good stocks and it is the only way we can have a good market to make money in. See what you could have done in Silver Pick. If you had taken my advice and bought it at 25 cents, taken your profit at 35 cents, bought your stock back again below 30 cents, sold out at 60 cents again, then bought back at 50 cents and sold at 72 cents, see the profit. I believe Silver Pick is a good buy on every reaction, but the price is up now to a point where it takes considerable money to handle a few thousand shares.

I know of a stock that is now selling at 25 cents which I can recommend just as strongly as I did Silver Pick. It will not be listed for a month or more and I believe it will sell at 50 cents or more the first day it is on the board, and I so firmly believe that it will sell at a dollar by January 1st, that I am buying all I can afford to myself. Isn't that good evidence of my faith?

WHEAT MARKET.

CHICAGO, Sept. 24.—The wheat market opened strong today on a good general demand by commission houses and pit traders. Offerings, however, were light. The continued small movement of the crop in the Northwest, steady cables and smaller local receipts than were expected were the causes of the strength. December opened ½c to ⅝c higher, at 74⅞c to 75⅛c, and sold at 75¼@75⅜c.

The corn market was easy. A leading commission house was a heavy seller of the September option. December corn opened ⅛c lower, at 42⅝c, sold at 42½@42⅝c, and then reacted to 42⅝c.

The oats market was steady. December oats opened ⅛@¼c lower, at 33⅝c, and sold at 33⅝c.

Provisions were strong, chiefly because of a 5c to 10c advance in the price of live hogs. Trading was light. January pork was 15c higher, at $13.37½; lard was 5c higher, at $5.85, and ribs were 2½@5c up, at $7.32½@7 15.

COTTON MARKET.

NEW YORK, Sept. 24.—Cotton—Spot closed quiet, 10 points down: middling uplands 900, middling Gulf 7.85. Sales, 99 bales.

NOTE.—In the above tabulation of tides the daily tides are given in the order of their occurrence, commencing with the early morning tide in the left-hand tide column, and the succeeding tides as they occur. On some days there are but three tides, the usual fourth tide occurring the following morning.

The column of heights gives the elevation of each tide above or below the plane of Coast Survey Chart Soundings. The numbers are always additive to the chart depths unless preceded by the minus sign or dash (—), when the numbers are subtractive from depths given on the chart.

GENERAL DECLINE.

NEW YORK, Sept. 24.—There was a general decline from Saturday's level of prices shown by the opening sales of stocks, which were on a liberal scale. Losses ran to a point in Union Pacific, Great Northern preferred, Louisville & Nashville and Colorado Fuel, and to a large fraction in St. Paul and Sugar. Otherwise the declines did not extend beyond half a point. The market overcame its initial heaviness, but on the rally more stock was put out and the list fell back again. Western railroad stocks were comparatively weak, with evidence of support of the coalers and specialties. Great Northern preferred 2½, Northwestern 1⅝, Interborough Metropolitan 1¼ and St. Paul, Northern Pacific, Chicago & Alton and Railroad Steel Spring 1 to 1½. American Ice Securities added another point to its recent rise.

The slow recovery that set in after midday nearly wiped out the forenoon losses in some of the favorites, including Union Pacific, Reading, Pennsylvania and Amalgamated Copper. A feature of the market was the large absorption of Southern Pacific which carried it to a point above Saturday's closing. American Ice Securities extended its rise to 2. Tennessee Coal yielded 1⅛.

Stocks came on the market in large amounts for a time, until Reading, Union Pacific, St. Paul, Northern Pacific and Illinois Central declined 1¼ to 2. Northwestern dropped 4⅛, New York Central and Interborough Metropolitan 2½, Knickerbocker Ice, Virginia Iron, Delaware & Hudson, 1¾@ 2¼, Brooklyn Transit 1⅜, and Pennsylvania, Missouri Pacific and Amalgamated Copper 1. Bonds were easy.

$60,000

This lot, 50x100 feet in size, on Franklin street between the sites of the St. Mark hotel and the Farmers' and Merchants' bank, can, with the investment of say $40,000 more for a good building, be made to pay about three times what interest you get in the bank. There isn't another lot like this on the market at any price. (3440)

$10,000

I feel perfectly safe in saying that this lot will sell for $15,000 in less than a year. Surely it will if you build on it and add the cost of improvements. Three-story brick going up across the street. Clay and 8th streets are both pretty fine. Twelve per cent would be easy to get on the right kind of a building here; $25,000 would handle the whole thing. (1396)

$5000

This choice Chinatown lot, with $3,000 spent in improvements will rent readily under a secured lease for $150 per month, or 24 per cent per annum. I will secure a tenant at this figure before you pay a dollar on the lot. Or you can lease it readily as it is at $65 per month. That's 14 per cent. (3407)

$200 Up

Twelfth and Harrison Streets

SCOTTY, THE MAN WHO BLUFFED THE WORLD, SAYS

"I turned up at Grand Island, Nebraska, about ten days ago and offered the local agent of the Union Pacific $1.50 per mile if he would catch the Los Angeles limited that had an hour and a half's start on me. They wired Harriman and he sent back a telegram saying: 'Don't take his money; he is a bad actor.' I had the train already waiting for me and the money deposited, and you can imagine my disgust when I learned what the answer said. I offered them $7500 for the engine, to buy it outright, and $500 for the right of way, but they said there was nothing doing and I sent a wire to J. J. Byrne, general passenger agent of the Santa Fe, saying 'Harriman lay down like a dog. He had a streak of canary a mile long.' That was all. The entire town was with me, but I had to take a regular train."

SCOTTY'S MOTHER, INTERVIEWED FOR FIRST TIME, SAYS:

"Proud of Walter? Of course I am proud of him. He may be a mystery to others, but he is none to me. One reason why I have never appeared in the press is my aversion to notoriety and I have always asked the reporters to spare me when they would learn my identity. I want Walter to stop the life of dissipation that he is leading, for, although he knows how to take care of himself, I want him to be a successful business man some day. I don't see why he should be wishing to break speed records all the while. During his wonderful ride to Chicago I was worrying about him all the way.

WHAT THE CAMERA SHOWS SCOTTY TO BE AND WHAT THE CARTOONIST MAKES HIM.

SOMETHING NEW SCOTTY IS A FATHER

MAN OF MYSTERY HAS A DAUGHTER IN LOS ANGELES.

And, Too, He Has Another Wife Living, but He Won't Tell Where.

BY THE SAUNTERER.

Walter Scott, the Death Valley miner, is still a mystery. Whatever may have been said about "Scotty" in the past, he is the same enigma, the same puzzle that he was when I first met him in Los Angeles more than a year ago. Men have come and men have gone who have tried to solve the riddle of his life and all are as far off from the secret as the sphinx is from the United States—only farther.

My first knowledge of "Scotty" was gained through a chance incident. I happened to be passing a cigar stand on South Spring street, Los Angeles, in May, 1905, when the clerk called me over and said: "Why don't you write up that crazy miner at the Angelus? He came here this afternoon and after buying four-dollar cigars, took a hundred-dollar bill from a roll that would choke a mule and, tearing it in half, handed me one portion, saying: 'If you are a good boy I will give you the other half tomorrow.'"

Naturally I was attracted by the incident to the Hotel Angelus, where I discovered that there was a man named Scott registered at the city's swellest hotel.

SURROUNDED BY WINE.

My card having been presented to the unknown I was soon in his presence. Imagine my surprise to meet a young man rather roughly dressed sitting in the center of the apartment surrounded by magnums of champagne steeped deep in pails of ice.

"Is it true," I asked him when he bade me be seated, "that you hold in your pocket a half of a hundred-dollar bill?" For answer he dived in his waistcoat pocket and drew forth the "semi-yellow back."

That was the starter and "Scotty" from that time forth began to shine in the limelight of publicity.

Since that meeting "Scotty" has passed through some trying experiences. He has been the conqueror of time by tying up the Santa Fe Railroad system and journeying from Los Angeles to Chicago in forty-four hours and fifty-four minues. He became known as the "Hero of the battle of Wingate Pass," the leading man of a theatrical troupe, and, last, but not least, as the "Man who bluffed the world."

Whatever has been said against Scotty, no one has ever solved his game, and he remains today one of the problems in every-day life that death alone may solve.

SCOTTY BREAKS ARM.

It was by mere chance that I stumbled on Scotty at the Forum cafe Friday morning and our greetings were effusive because we had not met in more than a year. We sat at a table near the bar and he began to tell me of the past and of the future.

His arm was in a sling and, of course, it brought forth the first topic of our conversation.

"What is the matter with your arm, Walter?" I asked him.

"Oh, I was at the Hughes Hotel, Fresno, last week and a few friends of mine told me they could teach me how to skate. You know how I can go on lubrication? Well, it is an entirely different thing with rollers. I bought out the parlor and we had the rugs removed. I put on a brand new pair of the 'merry-go-rounds' and the next thing I knew I went bang up against the piano. That settled it for yours from Death Valley.

"DON'T TAKE HIS MONEY."

"I turned up at Grand Island, Nebraska about ten days ago and offered the local agent of the Union Pacific $1.50 per mile if he would catch the Los Angeles limited that had an hour and a half's start on me. They wired Harriman and he sent back a telegram saying: 'Don't take his money; he is a bad actor.' I had the train already waiting for me and the money deposited, and you can imagine my disgust when I learned what the answer said. I offered them $7500 for the engine, to buy it outright, and $500 for the right of way, but they said there was nothing doing and I sent a wire of J. J. Byrne, general passenger agent of the Santa Fe, saying 'Harriman lay down like a dog. He had a streak of canary a mile long.' That was all. The entire town was with me, but I had to take a regular train.

"A great many people think Scotty is broke," he said, "but let me tell you that I have more money today than at any other time in the game. I am going back to the mine in a day or two, but I do not know the exact time I'll go.

"Let me tell you something about the mine. I've got four of the best men—one white and three Indians, the latter the best on record. All are armed to the teeth with rifles of the latest improved pattern and thousands of rounds of ammunition stored away. I have purchased eleven pairs of the finest field glasses that money can buy, and the only way they can get on my mine is to put federal soldiers there.

"Suppose I walk into a man's house. He has a right to defend it, hasn't he? Well, it is the same in Death's Valley.

"If I haven't got a mine, why are these people spending thousands of dollars looking for it? I have more ready money today in currency and bullion than at any time of the game.

WHERE DOES HE GET IT?

"They have not proved that I have a mine in Death Valley; they have not proved that I have not got one. Therefore, who is giving me this money to squander?

"The diary found in one of my holdouts was genuine, the finder getting $1000 from the New York Herald. He came to that city from Venezuela and was sent by Gerard and his crowd after me. When I heard he was there I sent my representative to New York and offered Gerard $50,000 to quit, and yet he had not seen the mine.

"He said, 'No, I started the play and I will go the limit and will get on the ground if it busts me.'

"He wired money via the Western Union and sent coin through the Los Angeles banks to hire men to track me, but I always gave them the slip. A great many people are sceptical because I have never been seen with gold ore. If I wanted them to see me with the metal, couldn't I buy all I wantd of it? I've the whole Santa Fe corporation behind my back, and what is to prevent me from tossing one or two bags of ore to an engineer. Did it ever occur to you that I could get the ore out of Death Valley that way?

SCOTTY'S MOTHER.

Our conversation having ended "Scotty" complied with my request to allow THE TRIBUNE photographer to take several pictures of him and, having posed for the camera, we returned to the Forum where I had the pleasure of meeting his mother. While columns and columns have been written of the Death Valley mystery, little if anything has ever been said of Mrs. J. E. Dunbar, who brought Walter Scott into the world at Wells, Elko county, Nevada, some twenty-seven years ago. So youthful was she in appearance that a stranger would take her for Scotty's sweetheart rather than his parent.

Walter was her only child and naturally he was the apple of her eye. "Proud of Walter?" she said, "Of course I am proud of him. He may be a mystery to others but he is none to me. One reason why I have never appeared in the press is my aversion to notoriety and I have always asked the reporters to spare me when they would learn my identity. I want Walter to stop the life of dissipation that he is leading for although he knows how to take care of himself, I want him to be a successful business man some day. I don't see why he should be wishing to break speed records all the while. During his wonderful ride to Chicago I was worrying about him all the way."

Scotty, who had been an attentive listener suddenly broke in upon our conversation by exclaiming: "I mean to make the Windy City from Los Angeles in thirty-eight hours before I die. It can be done, but not on the Harriman system, as he is afraid of his shadow, but I am going to show the American public some speed figures with the help of the Santa Fe and you mark my words I'll do it."

Mrs. Dunbar left us at this juncture to go shopping and Scotty and myself adjourned to the cafe where we took seats and ordered some refreshments. There was a time when Scotty bought wine for the whole crowd at the bar, but he has grown wiser since then and beer is good enough for himself and friends now. There was no flashing of yellow backed rolls or big tips to the waiter or newsboy.

As we were quietly discussing a group of Berkeley students who had drifted in and who Scotty referred to as "the kids with fathers that own the Standard Oil, but who could not jump out and earn a dollar if they tried." He suddenly grew confidential and sprung a new surprise upon me in the shape of a daughter.

"You are the only newspaper man that knows that I have an eleven year old daughter attending the public schools in Los Angeles. She is as pretty as a picture and even my present wife, Jack, does not know she is in existence. Yes her mother is alive and I visit my little girl frequently, but don't ask me any more," and with that peculiar wave of the hand he dismissed the subject.

Scotty disappeared from town as quietly as he came and for all I know to the contrary is on his way through Death Valley to his hold out, from which he will emerge in the near future with another roll which will keep the wise ones guessing as to its source. Verily, Scotty is still the same old mystery.

THIS BURGLAR WAS GENTLE

Though Polite In Every Action It Is Supposed He Is Old Hand.

A "gentleman burglar," polite in his every action and solicitous as to the welfare of his victim, entered the home of George Faulkner at 1434 Webster street last night about 8 o'clock, and after being found at work by F. A. Smith, a roomer in the house, he held up the man who gave him a surprise party.

The burglar, according to Smith, is evidently an old hand at the business. He always kept his victim in front of him and always kept his avenue of escape open. The man is described as about five feet nine inches in height, 25 years of age, well dressed and wearing a soft tan-colored hat. The thief wore a mask which covered the lower half of his face.

Smith had been out to dinner and returned home about 8 o'clock. He went upstairs immediately, when he was confronted by a burglar, flourishing a bright revolver. The thief commanded his victim to back down the stairs, which Smith did. At the foot of the stairs the burglar went through Smith's pockets and secured about $4 in cash and a gold watch.

The man then took Smith's cravenette coat, ordered his victim to unlock the front door, then commanded him to go upstairs, all the time keeping behind his man.

A search of the house revealed the fact that several trinkets had been taken by the thief during the time he was ransacking the house. The police were at once notified of the bold burglary and an attempt was made to discover the perpetrator, but he had made good his escape.

In speaking of the burglar, Smith said this morning: "That man knew exactly what he was doing every time he made a move. He was without a doubt an old hand at the business. He always skillfully kept in back of me and when I had opened the front door for him he slipped between me and the door and ordered me upstairs. He was not abusive, but had a forceful, persuasive way of commanding me about the house."
